We the People: The Citizen & the Constitution

From the students of *We the People*:

"[I learned] that I can help my government by electing good officials." - Brad

"...it doesn't hurt to stand up for what you believe in." - Megan T.

"[The Constitution] is more than pieces of paper. It protects the rights of billions of people." - Stephanie

"[I learned] how the country is run. If we did not have the Constitution, our country would fall apart."—Elizabeth

...[The Constitution] is based on the Articles of Confederation and it has a lot of rights and limitations." —Nolan

The most important thing I learned about myself:

"...how expressive and how much I can learn and understand about topics and my surroundings." —Margaret

"...I can help my government by electing good officials." —Brad

"...I worked better with people than I thought I would." —Cortney

"...it doesn't hurt to stand up for what you believe in." —Megan T.
